CHRIST CHURCH PENNINGTON CE SCHOOL
WEEKLY NEWSLETTER
DIARY FOR THE WEEK COMMENCING:
January 17th, 2022

Next week we are going to continue to promote a love of reading by holding a special day in school on Thursday 20th. The children are invited to come to school in either their pyjamas or onesies and bring their favourite book.

During the day we are going to snuggle up with our books and some yummy treats and the teachers will also be reading one of their favourite stories to the children.

PLEASURE

CHRIST CHURCH SPONSORED READ

Just a reminder to keep up the reading and return your forms and sponsor money to school by Friday 21st January 😊

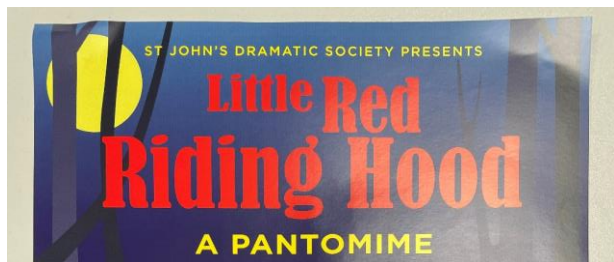

ATTENDANCE MATTERS

Thank you, genuinely, to all those who have queried aspects of the RAG letter that went out this week. It lets me know that people are reading them.

Apologies to Year 2 children whose certificates had the last Friday p.m. missing. We have rectified the omission. If anyone has any further queries please come and have a chat.

HEAD LICE

We have had a number of cases of head lice reported throughout school. Can I please urge you all to check your children's hair tonight and treat if necessary.

If your child has long hair, please send them to school with it tied up.

This is some information from the NHS Website for treating head lice:

Wet combing - Lice and nits can be removed by wet combing. You should try this method first.

You can buy a special fine-toothed comb (detection comb) online or from pharmacies to remove head lice and nits.

There may be instructions on the pack, but usually you:

- wash hair with ordinary shampoo
- apply lots of conditioner (any conditioner will do)
- comb the whole head of hair, from the roots to the ends

It usually takes about 10 minutes to comb short hair, and 20 to 30 minutes for long, frizzy or curly hair.

Do wet combing on days 1, 5, 9 and 13 to catch any newly hatched head lice. Check again that everyone's hair is free of lice on day 17.

Medicated lotions and sprays

Ask a pharmacist for advice if you have tried wet combing for 17 days, but your child still has live head lice.

They may recommend using medicated lotions and sprays. These kill head lice in all types of hair, and you can buy them from pharmacies, supermarkets or online.

And the child grew and became strong. (Luke 2:40)
